The new additional age group "Junior" (18-19 years) will dive the same series as the AK 20.

3. Diving Facility

The diving centre and the pool comply with the international FINA rules for national and international competitions.

4. Entries

Entries can only be made online using the special "WinSpriMeld-Web-Portal" programme; access to the Win-SpriMeld-Web-Portal is possible with any Internet browser, irrespective of the operating system (Windows, Mac, Linux,) and is theoretically even possible with a smartphone/tablet!

Access to the web portal for online entries will be activated on the website www.WinSpri.de in mid-April at the latest. Submitted dive lists can also be converted to PDF and printed. Each club has to present the signed DSV-Form 300 and 301 – both can be automatically generated and printed. Each online entry will be automatically confirmed. Dive changes will only be accepted if submitted on form 306 together with the name and the number of the competition one hour before the start of the respective session. Any changes made after this time will not be accepted. Online (WinSpri.de) dive changes are possible until **29.05.2023**. All German competitors only need to register once. They will automatically be included in the international ranking.

All entries must be submitted to the web portal by **21.05.2023**. The complete entry lists and the detailed schedule will be sent exclusively by email and published on the WinSpriMeld Web Portal for download. Late entries for synchronised divers (springboard and platform) can be submitted on site until one hour before the start of the competition. No late entries will be accepted after this time. In this case, the entry fee must be paid in cash to the competition manager on site.

6. Entry Portal

7. Entry Fee

The entry fee will be 15 Euros for each individual start (combined scores will be considered as one start) and 30 Euros for each synchronised start (15 Euros per person if the divers are from different clubs). The money must be transferred to the following account by 21 May 2023 at the latest. The deposit slip must be brought to the competition. Cheques will not be accepted.

8. Fines (ENM)

For German competitors only: A fine of 20 Euros shall be imposed by the German Swimming Federation if a diver does not show for the session for which he/she has registered, no fine will be imposed if the diver is unable to compete due to injury. A medical certificate must be presented.

9. Judges

Judges will be appointed by the competition manager or referee. All participating clubs may nominate judges and submit the nomination with the entries. A meeting with all invited and appointed judges will take place on Saturday at 08:45 at the diving centre.

10. Awards

There are two different scoring criteria for this competition: Medals will be awarded to the first three individual competitors in the national classification and certificates for all other competitors. Certificates will be awarded to all participants in the international scoring.

11. Synchronised diving

The age group for a synchronized pair is the sum of the ages of the two participants at the end of the year. In the synchronised events, there is only one division based on age (40-99 and 100+), and there are no separate scores for same-sex or mixed pairs. The series of dives consists of 2 compulsory dives (from 2 different groups, difficulty level 2.0) and 1 or 2 freestyle dives without group limitation.
